

Fill and Border Pop-Ups

The Fill pop-up and Border pop-up let you choose a solid color, gradient, or image for an object background or border.

To open the Fill pop-up or Border pop-up, click the color swatch next to the property in the [Properties panel](#).

For information about Fill and Stroke properties, see [Fill and Stroke Properties](#).

When editing gradients:

- To add a color, click below the track.
- To specify a color, click the small square below the track and then use the color picker.
- To delete a color, right-click the small square below the track.
