

Mapquest

Simple Widget Description.

Workflows

Standard Use of Widget Description.

Properties

Preview	Property	Description	
<p>The screenshot shows a dark-themed widget interface. At the top, there's a 'Map' section with a 'Map Type' dropdown set to 'map', a 'Zoom' slider set to 2, and input fields for 'Center Latitude' (0) and 'Center Longitude' (0). Below this is a 'Controls' section with three checkboxes: 'View Control', 'Zoom Control', and 'Mouse Wheel Zoom Control'. The 'Geocode' section contains input fields for 'Street', 'City', 'State', 'Postal Code', and 'Country', along with 'Find' and 'Clear' buttons (both with 'Invoke' labels) and a 'Results' section with a 'View' button and a 'Show Results' checkbox.</p>	Map Type	Specify Standard, Satellite, or Hybrid Map Type
